

## CREATING SUSTAINABLE COMMUNITY CONSERVATION

P.O. Box 56923  
Nairobi - 00200  
Kenya

3<sup>rd</sup> May, 2010

To Whom it May Concern

Jackson Rereu Njapit, ID 12979779

I have known the above person for many years, and he was one of the Project Implementation Committee members who helped me create Koiyaki Guiding School and Wilderness Camp project funded by the European Union, through their Community Development Trust Fund and Tourism Trust Fund.

Jackson Njapit is a respected member of our community here, acting as Medical Officer to the members of Olare Orok Conservancy ([www.oocmara.com](http://www.oocmara.com)). He has been one of the movers in spearheading the campaign to stop female genital mutilation in this area of Masai land. He has dedicated his life to saving lives in an area where Malaria, Typhoid and HIV Aids have been a huge problem to the rural community.

We fully support his efforts to become the first Masai qualified to fly balloons in the Masai Mara. Once he has his licence he will be pretty well guaranteed a job serving this Conservancies clients as a balloon pilot.

Olare Conservancy and Trust fully support him in his efforts to obtain a visa to qualify for the same in the United States.

R. de P. Beaton  
Trustee and Member of the Land Committee  
Olare Orok Conservancy & Olare Orok Trust
